THE RAILROAD STRIKE

Moving Westward on
Vanderbilt's Lines.

FALL OF A YOUNG KENTUCKIAN.

Whose Forgeries Amount to
One Hundred Thousand.

Atlantic Trip Made in 5 Days,
19 Hours and 5 Minutes.

No Change in the Situation.

By Associated Press.]
NEW YORK, Aug. 13.—The strike situation remains practically the same, except that the officials claim it is improved. They say the running of passenger trains has resumed a normal condition, and that freight trains will be more regularly moved to-day.

ALBANY, Aug. 13.—Reed of the Locomotive Firemen's Brotherhood is authority for the following: "We are all ordered out by an order from headquarters."

Reed is the Division Chief of the Brotherhood. The strike was ordered by Sargent, General Chief of the Firemen's Brotherhood.

It is understood that the order applies to the New York Central and West Shore roads, and it is reported that the firemen on the latter road have struck, and the road is tied up. It is probable the strike may extend to other roads to-day.

The men claim they detected the Delaware & Hudson officials endeavoring to move New York Central freight in violation of a promise made to the District Assembly, and they say the strike will extend the whole length of the road before night. The passenger trains are all running, and the strikers say they will not disturb them.

The Knights claim that on account of the action of the Central people in bringing on a large number of switchmen from the Michigan Central yards at Chicago, they will at once extend the strike to the western lines of the Vanderbilt system.

At noon the Delaware & Hudson Canal Company's yard men, except the engineers and firemen, quit work as though a signal had been given on that road.

It is said the Boston, Albany & Fitchburg freight department employees will strike before night. Trouble is feared here now.

Vice-President Webb was in Albany late this afternoon, and after a hurried consultation with the officials in the New York Central office, returned at once to New York.

No hour has been fixed for the firemen to go out. Three carloads of Pinkerton men have just left the depot to protect the non-union men in the West Albany yards. Serious trouble is anticipated.

The General Manager of the Delaware & Hudson Railroad said the strike only included the freight handlers, switchmen and yard men in the Albany yards.

The Delaware & Hudson switchmen and brakemen have gone out and the road is tied up. One hundred and fifty Michigan Central men were sent to West Albany at 11 o'clock to move freight for the New York Central.

Funeral of John Boyle O'Reilly
By Associated Press.]
BOSTON, August 13.—The funeral of John Boyle O'Reilly occurred to-day from St. Mary's Church, Charlestown. Vast quantities of costly flowers and floral offerings lined the church. Great crowds of people were unable to gain admittance.

Bar silver, 112.

Congressional Proceedings.

WASHINGTON, Aug. 13.—In the Senate to-day the House amendments to the Senate bills to adopt regulations to prevent collisions at sea and to amend the Act relative to Shipping Commissioners were considered in the consideration of executive business.

The resolution offered by Edmunds yesterday limiting debate on the Tariff bill was referred to the Committee on Rules.

Blair's resolution authorizing a provision for the previous question took the same direction on his own motion. Quay's resolution, providing among other things for a vote on the Tariff bill on August 30th, was also referred to the Committee on Rules, after a statement by Quay that he understood the General Appropriation bills to include the River and Harbor bill.

Hoar offered an amendment so as to include the Federal Election bill among the measures to be taken up for consideration at the present session, which was also referred to the Committee on Rules.

The House joint resolution extending the provisions of existing laws providing for the temporary expenditures of the Government to the 29th of August was taken up and passed.

The Tariff bill was then taken up, the pending question being Vest's amendment offered on Monday reducing the duty on tin plates from 2.2 cents to 1 cent per pound.

Gray continued his argument in support of the amendment.

Wisdom's Reticence.

By Associated Press.]
WASHINGTON, Aug. 13.—For some unexplained reason the Treasury officials are disposed to be very secret and mysterious in regard to today's silver transactions. They refuse absolutely to give out any information in regard to offers for the sale of silver bullion to the Government which may have been received by the Department to-day under the circular of August 1st. It is probable, however, that if any purchases were made to-day the fact will be made public about 4 o'clock this afternoon.

The Director of the Mint said this afternoon that the Department will during the afternoon announce the London prices of silver, but will not under any circumstances let the public know the rates paid by the Government for its purchase, providing any is made.

To-Day's Races.

SARATOGA, Aug. 13.—In the first race, Penneroy won, Kittie T second, Caprice third.

Second race, Margaret won, Sonoma second, Sorceress third.

Third race, Edgill's Lady won, Uncle Bob second, Eugene third.

Fourth race, three quarters of a mile, Drizzle won, Renfellow second, Tom Hood third. Time 1:15 1/2.

Fifth race, one mile, Gunwad won, Major Tom second, Ofalee third. Time 1:43 1/2.

A Popular Young Man Falls.

By Associated Press.]
PARIS (Ky.), Aug. 13.—Hume Clay, a prominent young lumberman of this city, has been missing some days, and it is now discovered that he has been guilty of extensive forgeries. His property is in the hands of the Sheriff, and it is alleged that his liabilities will amount to more than \$100,000.

The whole of Eastern Kentucky is startled, as Clay stood well in social and commercial circles. His plan was to attach his grandfather's signature to notes.

A Farmers' Convention.
By Associated Press.]
COLUMBUS (Ohio), Aug. 13.—Four hundred and fifty farmers met here in State Convention to-day in response to a call by prominent agriculturists to take action toward presenting their interests to Congress and the Legislature. There is a strong effort to the movement out of political channels. After the appointment of a Committee on Resolutions a recess was taken.

A Sneak Returned.

By Cable and Associated Press.]
DUBLIN, Aug. 13.—Shannon, the Dublin solicitor of the London Times, who was connected with the Pigot scandal and who mysteriously disappeared some months ago, has returned.

Population of Maine and Vermont.
By Associated Press.]
LEWISTON (Me.), August 13.—The census show the population of Maine to be 658,454, an increase of 9,500 since 1880. The population of Vermont is 332,000, a decrease of 289.

All Records Blasted.
By Associated Press.]
NEW YORK, August 13.—Steamship Tonic has smashed all records, making the run from Roches Point to Sandy Hook in 5 days, 19 hours and 5 minutes.

Cholera Decreasing.

By Cable and Associated Press.]
LONDON, August 13.—Dispatches from Jeddah and Mecca say the cholera is decreasing in those cities.

MARKHAM SELECTED

For Governor on the
First Ballot

AT CAL. REPUBLICAN CONVENTION

The Population of Vermont
Decreases in Ten Years.

The Address of General Alger
at Boston.

California Republican Convention.

SACRAMENTO, Aug. 13.—The Republican Convention this morning adopted the report making the temporary officers permanent, and the report of the committee on platform and resolutions.

The platform in part declares: "We believe the paramount object of the Government should be to secure to individuals the highest possible measure of civil and political liberty. The Republican party, in pursuance of this broad policy, has successfully conducted the Government of this nation for nearly thirty years, performing deeds of statesmanship and military achievement worthy to live forever upon the brightest pages of history."

The platform denounces the shameful manner in which the Democratic party has violated its pledge as to a free ballot in many of the States, and insists that henceforth the right to a free ballot shall be observed as far as it is within the power of the Federal Government to effect that object. It reaffirms the principles announced in the Republican national platform of 1888, favors legislation tending to the arbitration of controversies relative to wages and hours of labor, renews the declaration in favor of the most rigid exclusion of Chinese from this country, and that such restriction shall be made permanent; declares that it is the duty of the Federal Government by an adequate appropriation, to straighten and deepen the channels of the Sacramento and San Joaquin rivers; approves the legislation already enacted for the reclamation and irrigation of arid lands, and declares free public schools a necessity to free government. The platform endorses the course of Speaker Reed and says: "We repudiate the claim of the right of any member of members of Congress to interrupt and delay its business by refusing to vote, and declare that in the interest of agriculture and other industries of the country, we endorse the action of the Republican members of Congress in the passage of what is known as the 'silver bill,' and that we favor a proper increase of the currency of the country to the extent demanded by its business."

For Governor, Judge Fitzgerald of Los Angeles nominated Markham, and Morrow Walling of Nevada then nominated Markham amid cheers. Morrow, he declared, was in Washington "on guard" for the interests of California. R. Clark of Yolo, J. F. E. Wilson and Dibble of San Francisco and Geo. H. Maxwell of Sonoma seconded Morrow's nomination. Samuel Shortridge of San Francisco seconded Markham's nomination, and John A. Eagan of Amador seconded Shippe, after which the convention took a recess till 2:30. A telegram was read from Congressman Morrow, expressing regret at his inability to be present and promising his support to the successful nominee. On motion of R. H. Lloyd the convention proceeded to ballot for Governor.

Markham was nominated on the first ballot.

The Campaign in Maine.
By Associated Press.]
AUGUSTA (Me.), August 13.—At a full meeting of the Republican State Committee held last evening, Manley, President, said it was the unanimous vote of the committee that the campaign be very short, and that the public speaking would be confined to the last weeks of the campaign. Manley said Bidne would take no part in the campaign, as far as the speaking is concerned.

Discharged Postal Clerks.
By Cable and Associated Press.]
LONDON, Aug. 13.—The Postmaster-General has given a final decision in the matter of appropriations for the reinstatement of the postmen who were discharged for taking part in the recent strike. Of the 400 men dismissed he decided that only 50 shall be again employed. A number of the men who were discharged are emigrating.

General Alger's Address.

BOSTON, Aug. 13.—The convention of the 24th annual National Encampment of the G. A. R. came to order at Music Hall at 11 o'clock. Prayer was offered by Past Chief Chaplain L. M. Foster. Commander-in-Chief Alger then delivered his annual address.

The following is a summary of the address of General Alger: He congratulated his hearers on celebrating the 25th anniversary of the end of the war in the historic city known as the "Cradle of Liberty." He delivered warm words of welcome to General Sherman, and reported the condition of the organization as excellent. The total membership borne on the rolls is 458,230, against 427,981 a year ago. After referring to the disappointment in the ranks that Congress had not passed a service pension bill, the speaker said: "Much misapprehension exists, I think, concerning the disability bill passed on June 27th, 1890. By a careful reading of this law and the official explanation of it, it will be seen that, no matter what the soldier's financial condition may be, if he is physically disabled from performing manual labor, he is entitled to a pension, the conditions being, first, physical disability not necessarily contracted in the service; and, second, that proof of such disability may be made upon a certificate from his physician and without the testimony of his former comrades. Should any member of this encampment to-day receive a permanent injury, not a result of his own vicious habits, he would be entitled to a pension. Let us be just to our law-makers, even though they have not given us all we asked. No country on earth ever has been nearly so generous to its soldiers as ours."

Concerning the Grant monument, General Alger said: "An ordinary plain vault, on the banks of the Hudson, marked the resting place of this great chieftain. This is not creditable either to us or this nation. There should be erected at the Capital of this Government, and dedicated to the memory of this great man, a memorial building such as will be a credit to the whole people, one to which every citizen within the domain of this great land can refer with just pride. I recommend that a committee of five be appointed by this Encampment, whose duty shall be in accordance with the foregoing, and empowered to solicit aid from the General Government and individuals."

The address was received with frequent expressions of approval. The reports of Adjutant-General George H. Hopkins of Detroit and Quartermaster General John Taylor of Philadelphia were presented. They were of a routine character.

South Carolina Democratic Convention.
By Associated Press.]
COLUMBIA, S. C., August 13.—A Democratic State Convention, for the purpose of deciding whether State officers are to be nominated by a convention or the primary plan, met to-day.

AN EATING SORE.
HENDERSON, Tex., Aug. 13, 1890.—"For eighteen months I had an eating sore on my tongue. I was treated by the best local physicians, but obtained no relief, the sore gradually growing worse. I concluded finally to try S. S. S., and was entirely cured after using a few bottles. I have my cheerful permission to publish the above statement for the benefit of those similarly afflicted." C. B. McLAUGHLIN, Henderson, Tex.

5 O'CLOCK EDITION.

The Shortage in Steers.

To-day we discover that the country is absolutely destitute of steer cattle of suitable ages for feeders. The entire list of corn-growing States is sterile, outside of the feeding pens. The range country has but few, and the demand is increasing daily. A practical feeder in Nebraska, who has been engaged in the business for eighteen years in that State and Iowa, tells the Northwestern Live-Stock Journal that he had ridden over three counties in Nebraska in search of feeding steers, and failed to secure a single animal over one year old. In order to get a small bunch of 125 he was compelled to take half of that number in heifers. These he is now feeding on corn for the market next winter. A visit to the feeding yards throughout all of the corn-growing States will develop the fact that in a very large proportion of them, both heifers and steer yearlings are being grainfed for the shambles. Why? Not because they are the most profitable, but because there is nothing else to be had. This is the direct result of the wholesale slaughter of cows, calves and yearlings that has been going on for three years in every part of the United States, and the resulting shortage will become more and more apparent for the next three years. Growing out of this condition, the price of cattle on foot must rapidly appreciate from month to month until there will come a veritable boom in all classes of beef articles. How high prices will go a d when the top will be reached are questions no man can answer. That the history of the past will be repeated is certain, and that the day of return to low values is in the far future is especially certain. The men who get in at the present bottom prices are the men who will reap the sure reward.

The New Constitution.

Every taxpayer should read the proposed new constitution published in this morning's Journal and pick out what flaws they can find and point them out to the State Board of Trade. It is almost the universal opinion that we should have a new organic law, and the question is, how can the change be effected at the least possible expense to the people? We believe that the State Board of Trade can frame as good a constitution as any convention can, and if the people are willing to trust them to do it, all that would be necessary is for a convention to be called to ratify the work done by the Board of Trade and go home. At all events, it will greatly assist in the work for the people to become familiar with the subject.

WHAT is going to be done towards selecting a ticket to vote for Saturday that every body can support? Possibly the better way would be, however, to let things go till the last moment, then every one put a ticket in the field according to his own liking and the successful ones be satisfied and the balance go to the Democracy. That is usually the way it is done in this country. Rule or ruin has been the motto heretofore and it would seem presumptuous to change the policy at this late day.

STANLEY is regarded as a great discoverer, but wait till his wife asks him to find something in the pocket of her dress hanging in the closet. The jungles of the Dark Continent are nowhere in comparison.

FOR interesting local matter see the fourth page of to-day's GAZETTE.

Everything gone Wrong

In the bodily mechanism when the liver gets out of order. Constipation, dyspepsia, contamination of the blood, imperfect assimilation are certain to ensue. But it is easy to prevent these consequences, and remove their cause, by the use of Hostetter's Stomach Bitters, which stimulates the biliary organ and regulates its action. The dirt and acid is a disappearance of the pain beneath the ribs and through the shoulder blade, the nausea, headache, yellowness of the skin, furrowed forehead and sour odor of the breath, which characterize liver complaint. Sound digestion and a regular habit of body are also secured by the use of this celebrated restorative of health, which imparts a degree of vigor to the body which is the best guarantee of safety from malarial epidemics, nerve weakness and over-exhaustion after long travel, and it improves both appetite and sleep.

NOTICES.

Call for Sierra beer, the best at H. J. Thy's.

Ask for Schmidt & Co's. sarsaparilla and iron wa-r-r and orange, the only genuine at H. J. Thy's.

Miss Emma Gibbs not only carries the mail for all kinds of fancy work but she instructs her patrons how to use it.

For 12 1/2 cents you can get at J. J. Becker's, Chicago saloon, a schooner of either Boca or Sacramento beer and a well cooked hot lunch.

C. J. Brookins continues to carry the best brands of both smoking and chewing tobacco and the finest five-cent cigar you ever smoked.

If you are looking for an airy, cool room, a clean soft bed and as good a meal as can be had in town, patronize J. W. Killen's Phoenix Hotel.

Patrons of the Riverside Hotel are of the universal opinion that the accommodations of that popular resort are not excelled on the line of the Central Pacific.

E. C. Leadbetter's grocery trade comes mainly from people who want the best and are satisfied with nothing less. All goods warranted exactly as recommended.

The liberal patronage being enjoyed by the Arcade Hotel and Restaurant, shows that people will go where they can get a good room and bed and a first-class meal.

Reminiscence of the Johnstown Flood.

Rev. H. L. Chapman, pastor of the M. E. Church, Johnstown, Pa., says: "Soon after the great flood, at a time when diarrhoea was quite prevalent I received a box of six dozen Chamberlain's Colic, Cholera and Diarrhoea Remedy sent me by the proprietors, at the suggestion of Hon. Wesley R. D. Head of Des Moines. As soon as it became known that I had the medicine free distribution there began a great run on it, which continued until it was all at all gone. Every one, so far as I heard from them, testified to its virtues declaring it the best medicine for the purpose they had ever used. Those who got it shared it around with their neighbors so that I am confident your generosity in sending it was productive of great good. We used some of it ourselves and found it not only an excellent medicine for diarrhoea but for all kinds of pain and uneasiness in the stomach and bowels. It has been regarded as the best medicine known here for the diseases it is recommended for. In view of your sending such a large quantity for free distribution among poor people, I think you are entitled to this testimonial in its favor. For sale by Shoemaker & Co.

Remarkable Rescue.

Mrs. Michael Curtiss, Plainfield, Ill. makes the statement that she caught cold which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her doctor suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework, and is as well as she ever was—Free trial bottles of this Great Discovery at W. Pinner's Drug Store, large bottles 50c and \$1.00.

Forty-five Years Boudage.

Gen. A. For forty-five years I have been afflicted with blood poison, liver, rheumatic difficulties. Part of the time confined to my bed. My blood was badly diseased. Six bottles of Hibbard's Rheumatic Syrup did me more good than all the other medicines I have taken. My friends have used it in every case it has proved a wonderful remedy. I have known of some wonderful cures of dyspepsia and neuralgia.

Mrs. M. R. Hibbard, Mitchellville, Mich. Hibbard's Rheumatic Syrup and plasters are remedies of great merit. I believe they are equal in the cure of rheumatism and blood diseases.

Dr. H. Hibbard, Druggist, Mitchellville, Iowa.

The Spring is the time to take Hibbard's Rheumatic Syrup for the blood. For sale by all druggists. Prepared only by Charles Wright Medicine Company, Detroit, Mich.

Happy Husbands.

Wm. Timmons, Postmaster of Idaho, Ind. writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from Kidney and Liver trouble." John Leslie, farmer and stockman of same place, says: "Find the Electric Bitter to be the best Liver and Kidney medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and doesn't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease on life. Only 50c a bottle at Wm. Pinner's drug store.

Families not already supplied should have no time in procuring a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is the only remedy that can always be depended upon for bow-l complaints in all its forms. 25 and 50 cent bottles for sale by Shoemaker & Co.

Back's Arnica Salve.

The best salve in the world for cuts, bruises, oozes, ulcers, salt rheum, fever sores, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per bottle. For sale by Wm. Pinner.

When you are constipated, with loss of appetite, headache, take one of Dr. J. H. McLean's Little Liver and Kidney Pills. They are pleasant to take and will cure you, 25 cents a box.

MISCELLANEOUS.

Scrofula

In Its Worst Form—"White Swelling" Cured.

The remarkable effect of Hood's Sarsaparilla in the following case illustrates the power of this medicine over all blood diseases:

"My son, 7 years old, had a white swelling come on his right leg below the knee, which contracted the muscles so that his leg was drawn up at right angles. Physicians lanced the swelling, which discharged freely, but did not help him materially. I considered him

A Confirmed Cripple. I was about to take him to Cincinnati for an operation, expecting his leg would have to be taken off, and began giving him Hood's Sarsaparilla in order to get up his strength. The medicine woke up his appetite, and soon pieces of bone were discharged from the sore. We continued with Hood's Sarsaparilla, as it seemed to be doing him so much good, and the discharge from the sore decreased, the swelling went down, the leg straightened out, and in a few months he had perfect use of his leg. He is now apparently as well as ever." JOHN I. McMEYER, Notary Public, Ravenswood, W. Va.

Hood's Sarsaparilla Sold by druggists. It is six for \$1. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

THE FINEST LINE OF

BOARD OF TRADE.

Nevada's New Development Assumes Shape.

An Interesting Meeting Addressed by the Southern Pacific Company's Colonization Agents.

The importance of the meeting of the Board of Trade at Mr. Newland's office Monday afternoon, to consider measures for the colonization of Nevada, was made manifest by the large number of gentlemen in attendance. Besides Mr. Marks, Mr. Ferguson and Dr. Bird, the officers of the Southern Pacific Company Colonization Agency, who came here to address the Board on the subject, there were present President Newland, Manager Fulton, Secretary Bragg, and Directors J. H. Whited, C. C. Fowling, L. D. Folson and W. O. H. Martin of Washoe county, Evan Williams, H. M. Yerington, D. A. Bender and M. Conn of Ormsby county, Fred Dargatzis of Douglas county, Joseph Marzen of Humboldt county, and C. W. Huebner of Lander county.

H. N. Marks and S. R. Young of Humboldt county, R. K. Colcord of Esmeralda county, S. C. Wright, Warren Noteware and R. K. Parkinson of Carson, Hon. Thos. Fitch, James Mayberry and B. F. Lette came to listen to and participate in the discussion. President Newland stated, in calling the meeting to order, that the officers of the Southern Pacific Colonization Agency were present to give their views as to the methods to be employed in the colonization of the State, but as they were strangers here he deemed it proper to state briefly what our condition of affairs is.

Nevada, he said, is about to add to its mining industry an agricultural and industrial development, and it is necessary to increase her population. The first thing to do is to open more land to settlement by bringing it under cultivation. The water in the State is a great asset, and it is necessary to develop it. The water in the State is a great asset, and it is necessary to develop it. The water in the State is a great asset, and it is necessary to develop it.

Subject to the truckee which can be easily reached by ditches is limited, but there are large tracts of land which can be brought under cultivation by extending the ditches already constructed, and by ditches which are now in contemplation. Nearly one-half of this land is owned by the railroad, and an excellent opportunity is offered to the State to develop this land.

Although not so great in capacity, it is nearly as large as the truckee, but it is not so easily reached by ditches. It is necessary to develop this land by extending the ditches already constructed, and by ditches which are now in contemplation. Nearly one-half of this land is owned by the railroad, and an excellent opportunity is offered to the State to develop this land.

He said that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project, and that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project.

He stated that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project, and that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project.

He stated that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project, and that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project.

He stated that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project, and that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project.

He stated that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project, and that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project.

He stated that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project, and that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project.

He stated that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project, and that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project.

He stated that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project, and that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project.

any Pacific company certainly take a very deep interest in the development of Nevada, and it is necessary to increase her population. The first thing to do is to open more land to settlement by bringing it under cultivation. The water in the State is a great asset, and it is necessary to develop it.

I have jotted down a few points and will endeavor to convey your time as best as possible by going over these subjects only that I may not rest you. I cannot come live of anything more practical than the colonization of Nevada, and I am sure that you will be interested in the subject.

As Nevada is now, if I were to recount in a rapid way the experience of the State in its development, it would be a great deal for Nevada, for you have before you what California has had at the time. Fifty years ago the San Joaquin Valley was called the Great Desert of the West, and the Immigration Agent of the State of California was just coming to the State, and the Immigration Agent of the State of California was just coming to the State.

He stated that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project, and that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project.

He stated that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project, and that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project.

He stated that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project, and that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project.

He stated that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project, and that the railroad company has been engaged in almost every kind of experiment to develop California, and has neglected Nevada, oblivious of the fact that one of the great sources of wealth in California is the great irrigation project.

two propositions covered the whole plan of the Agency. Referring to the duties of the Agency, he said that the plan of the Agency was to develop Nevada, and it is necessary to increase her population. The first thing to do is to open more land to settlement by bringing it under cultivation. The water in the State is a great asset, and it is necessary to develop it.

The underlying plan of this Agency as outlined is: That its work is to be exclusively specific and to test the value of the work is to be measured only by the number of families actually moved by it in operation. It is to be a business, and that no amount of land should be given away, but that the land should be sold at a price which will enable the farmer to pay for it.

That it is to be a business, and that no amount of land should be given away, but that the land should be sold at a price which will enable the farmer to pay for it. That it is to be a business, and that no amount of land should be given away, but that the land should be sold at a price which will enable the farmer to pay for it.

That it is to be a business, and that no amount of land should be given away, but that the land should be sold at a price which will enable the farmer to pay for it. That it is to be a business, and that no amount of land should be given away, but that the land should be sold at a price which will enable the farmer to pay for it.

That it is to be a business, and that no amount of land should be given away, but that the land should be sold at a price which will enable the farmer to pay for it. That it is to be a business, and that no amount of land should be given away, but that the land should be sold at a price which will enable the farmer to pay for it.

That it is to be a business, and that no amount of land should be given away, but that the land should be sold at a price which will enable the farmer to pay for it. That it is to be a business, and that no amount of land should be given away, but that the land should be sold at a price which will enable the farmer to pay for it.

That it is to be a business, and that no amount of land should be given away, but that the land should be sold at a price which will enable the farmer to pay for it. That it is to be a business, and that no amount of land should be given away, but that the land should be sold at a price which will enable the farmer to pay for it.

That it is to be a business, and that no amount of land should be given away, but that the land should be sold at a price which will enable the farmer to pay for it. That it is to be a business, and that no amount of land should be given away, but that the land should be sold at a price which will enable the farmer to pay for it.

MISCELLANEOUS.

ONE ENJOYS Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, head-aches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, its many excellent qualities commend it to all. It is for sale in 50c and \$1 bottles by all leading druggists.
